TEACHER INTERVIEW

Mrs. Keating

- 1.) Is there a quote that defines your perception of life? If so, what is it?
I actually have three quotes that defines my perception of life, they are:
A.) "Why worry about the things you cannot change?"
B.) "Try before you say you cannot."
C.) "You teach people how to treat you."
- 2.) How do you inspire your students to work to their highest potential?
By motivating and encouraging my students to overcome their individual challenges, be the best you can be, and excel in their academic journey. Teaching them to embrace that they are worthy, visible, capable, significant and their opinion matters.

- 3.) What has been the biggest challenge in your teaching career?
My biggest challenge in my teaching career is having students who are unable to see their potential to strive, surpass their current level of academic strengths, and excel, by being victors in achieving their goals.
